Work History

Senior UX Designer
PPG Industries

Jan 2023 – present

| Remote

Produce hi-fi prototypes of WCAG-compliant components, features, and layouts for high-traffic Fortune 500 and e-commerce websites. Perform competitive analyses to guide strategy for achieving best-in-class UX.

Senior UI Designer
SMS Assist

June 2022 – Nov 2022

| Remote

Created high-fidelity web and mobile app prototypes for enterprise SaaS products. Advocated throughout the full product lifecycle for human-centered design, accessibility, and putting users' needs first.
c-e.art/one-toolkit-study

Senior UX Designer
Drexel University

Feb 2020 – June 2022

| Remote

Designed WCAG-compliant websites and emails, working closely with creative and development teams. Implemented assets in HTML, CSS, and JS within Sitecore CMS. Ensured adherence to interactive design best practices by proofing products and providing guidance. Created many page layouts and component specifications for the new drexel.edu.

Web Developer
Eastern Standard

Nov 2018 – Oct 2019

Developed client websites with WordPress CMS or static HTML, working 1:1 with designers to overcome unique design challenges. Analyzed and proposed solutions to UI / UX issues as they arose during development.
fdu.edu | millcreekcap.com | camdenhealth.org

UI Developer
Greenphire

Oct 2017 – Nov 2018

Built client-facing user interfaces for enterprise-level fintech software in a highly agile workflow, meeting design and user acceptance specifications. Participated in UI / UX design reviews and quality assurance workflow.

Web Designer
ReminderMedia

May 2016 – Oct 2017

Designed and built layouts for a digital magazine (13 issues/130+ articles), assembling content into engaging multimedia articles. Created interactive experiences including quizzes, competition brackets, and dynamically-generated printables. Designed promotional landing pages.
